MEMORANDUM FOR THE RECORD

SUBJECT: Jim Bush Meeting on FOCUS Reports

Rpt

On Friday, 29 September 1978, Jim Bush, House Permanent Select Committee on Intelligence staff, met with Ted Shackley, Deputy Director, Collection Tasking Staff, to discuss the purpose and use of FOCUS Reports. In the course of the discussion, Bush said that FOCUS Reports did not contain information about available collection from sources other than HUMINT. Mr. Shackley said that that kind of information was contained in CCPC Reports. Bush asked if he could see some CCPC Reports dealing with the same countries on which FOCUS Reports had been written. Mr. Shackley said he would try to get him three or four such reports.
